

Disability

What types of certificates you can upload to your application

- A valid certificate of disability

Handicapped

- Certificate of disability issued in Ukraine

Extract from medical documentation is not a certificate of disability, nor is a work recertification - please note that a new scan of the certificate must be inserted.

If you are not in possession of any document proving your disability, you can contact the Social Security Administration and apply for an assessment of your health condition. You can only apply electronically at the [ePortal ČSSZ\(cssz.cz\)](https://portal.cssz.cz). Your medical condition will be assessed by Czech doctors and automatically entered into the application form, you do not need to provide proof of it.

What elements must be included in the certificate you uploaded

- Name,
- Surname,
- date of birth,
- place of residence,
- disease,
- degree of disability,
- expiry date 'until' or 'without limitation, indefinitely, etc.',
- the doctor's stamp,
- signature of the doctor.

Note: If the date is indefinite, the date the document was issued is not reviewed.

If the document expired before the outbreak of the war, a new certificate must be provided.
